THE MAGAZINE OF WESTERN LIVING

## INDEX TO ALL EDITIONS • JANUARY 1956 TO DECEMBER 1956

### HOW TO USE THIS INDEX

SUNSET *is published each month in three editions:* Northwest edition for Washington, Oregon, and Idaho; Central edition for northern and central California, Nevada, and Utah; Southwest edition for Southern California, southern Nevada, Arizona, and Hawaii. Because of climate and other differences, many SUNSET articles run in only one or two of the three editions.

*You can tell which edition of* SUNSET *you read* by looking on the front cover of the magazine. Near the upper left hand corner of the cover photograph you will see one, two, or three diamonds. Three diamonds ◆◆◆ mark the Northwest edition, two diamonds ◆◆ the Central edition, one diamond ◆ the Southwest edition.

*In the index listings,* N denotes Northwest edition; C, Central edition; S, Southwest edition. The word "all" tells you that an article has appeared the same month and page in all three editions. Index listings are written as follows: May 76 N, C (May, page 76 Northwest and Central editions); June 178 S (June, page 178 Southwest edition).
